The wind was a factor in keeping the times down...or up, as the case may be ...it was really windy, with the racers having to fight the wind for the major part of the course.

BIKE MARATHON

BIKE MARATHON

EMOON... 1968...

April 28th was the date of the high school bike marathon race at Tri* County Speedway, co-sponsored by Marathon Oil and the speedway. The point of the race was to complete as many laps of the track as possible within a three hour time limit. There were about 30 schools who finished teams, all of whom were out to win some of the 1400.00 dollars in prize money for their schools or school clubs. I'm sorry I don't have the names and places of all the schools, because I'd like to give all the credit for the great job they did. Your editor was the substitute sponcer for Bill Gallagher, who was racing in Louisville that day for the A & B teams from Oak Hills High School. To give you a clue as to what sort of sport I am, let me tell you that all the coaching I know would fit on the head of a very small pin. However, Bill had worked with his kids, ~~really~~ and had taught them about drafting, sprinting etc., and those kids really must have taken his words to heart, because they really came through with no help from me. The day was very windy, and along the back straight-away, the riders were put to the test, boy was I really glad that I wasn't out there myself, because as they came ~~thru~~ in the boys were really winded (pardon the pun). The results were like this, and to those teams I am leaving out, I'm sorry. I was so tickled the kids won, that I completely forgot to write down all the names of the other teams.

FIRST PLACE (\$500.00) Oak Hills "A" team
SECOND PLACE (\$300.00) Western Hills
THIRD PLACE (\$200.00) Oak Hills "B" team
FOURTH PLACE (\$100.00) St. Xavier
EIGHTH PLACE (\$25.00) Elder
ELEVENTH PLACE (\$) Walnut Hills

BUCKEYE CRITERIUM

Several people went to the Buckeye Criterium in Columbus, on the campus of OSU. That race the 15th. Phil Kennedy (intermediate), John Gilmer (juniors) and seniors Don Schilling, Gene Cornwell (2 tie Kentucky State Cham Bill Froschauer, and Bill Gallagher all attended. John and Bill Gallagher crashed... you guys have to cut that stuff out. Bill Froschauer reports that while he was riding in the middle of the pack several racers went down in front of him and John rode over a crashed rider in the junior race, which sent him down too. John was really looking good before he went down, and after the crash he wasn't able to regain his advantage. The crash in front of Bill Froschauer sent him off the back of the pack too. Gallagher hung in there pretty well until he started to cramp up (similar to the U.C. race)... but he was still in the running for a place, when, in the last lap he started his sprint early, really screaming up from the back of the pack and another racer pulled right into him, sending them both sprawling, and one of the bikes crashing ~~clipped the rear derailleurs off a third bike~~ which simply powered out. Bill got back on his bike and finished, but didn't place. There was a 4-man breakaway, with at least 2 olympic riders in it (Stetina and Schneider) who came in really well. Stetina won (again)

LOUISVILLE RACE (Kentucky Derby of Cycling)

Again we had QCW representation: Jack Christensen, Don Schilling, Mike Carey, Steve Lansky, John Gilmer, Phil Kennedy, and Gallagher. John was pedaling through a corner, the pedal caught the pavement, lifted his bike off the ground, and when he came back down, he rolled both tires. John was making his move with 4 laps to go, trying to get away. Well there is always the next race, John. The senior race started fast. Gallagher finished, but says he missed his "manager."

NEW MEMBER WELCOME

Gene Cornwell 1345 North Bent Rd. #3 (24) 542-8579

NOTE: Deadline for June Newsletter: May 15, 1973. Your editor would really appreciate it if all information could be either called in or sent to me. If you're wondering why there is so much in our newsletter about Bill G and John Gilmer, etc., it's because they are the ones who give me the info. Please let's get something about SOMEBODY ELSE (especially Bill) in here.

For anyone who is interested: Bill G. works out daily, leaving from Oak Hills High School (Werk Rd. & Ebenezer Rd.) at 4:00 p.m. On Wednesdays and Fridays Gene Cornwell works out with him. Since the ABL of A season has started, it is important that those interested keep up their work-outs. And the Sunday training rides have gone by the boards, so to speak; so knowing how hard it is to push yourself when working out alone, why not try to make arrangements to get a group together during the week. Those Tuesday night time trials will be beneficial... you should try to get out there. Don't forget you can earn club points by coming out and racing. Sometime soon I will give you the point standings and up-date them each month.

There is a QCW membership application enclosed in this newsletter, which you might give to a friend who is interested.

THERE WILL BE A TIME TRIAL (see "club Races") EVERY THURSDAY NIGHT.
