CINCINNATI CRITERIUM

Well we did it again, the Cincinnati, Criterium was quite successful for the Queen City Wheelmen financially, but more importantly it was successful for QCW riders.

BRIAN JONES was the highest placing Queen City Wheelmen taking 4th in the junior field that had about 80 riders in it; looks like PHIL KENNEDY will have somebody from the QCW to ride with this year, PHIL finished 6th in the same winning break BRIAN was in. JIM GROVE on his bike for one of the first times this season took a respectable 13th in the lead pack of the senior III & IV race; that was a very difficult race to pick. Cincinnati rider BILL GALLAGHER placed 8th in a very tough senior I & II race.

ALSO RODE: mark limke, robert janke, brad lightbody, mike limke, jon spicker, andy scheurer, john montag, rick janke, mike albrinck, dell williamson, watson nordquist, and bill froshauer.

CHICKENED OUT: steve lansky, and sue richter.

Could it be some Queen City Wheelmen haven't been training?

SPONSORSHIP montgomery cyclery-clifton

Dan Humpert's Montgomery Cyclery-Clifton has signed the contracts and all we need now is approval by the United States Cycling Federation.

Montgomery Cyclery Clifton will be giving the Queen City Wheelmen at least \$1000 in sponsorship money for the 1976 season. Most of the money will be spent on travel expense to and from USCF-sanctioned races. The rate will be \$10 a mile & the club will pay for no more than 400 miles to each car containing three or more QCW USCF racers. Brian Jones (871-7094) will be handling this and if you need a ride to a race or are driving—even if your car is full—you must tell Brian so he can give approval. For more details and to help make decisions on how the money will be spent come to the meeting monday.

MEETINGS

Some people keep asking why should they join the club? Some that are already members are asking what am I getting out of the Queen City Wheelmen?

Well you USCF riders know what you're getting out of this club. If you didn't belong to the club you would pay DOUBLE entry fees at all races; and now that we are sponsored the club will be doing even more for you!

So what about you non-USCF riders? Well we put on a race you could ride in WITHOUT joining the USCF. Now is the time of the year the club will do its most for you, with 10 mile time trials on tuesdays, club races on wednesdays and two man team time trials on thursdays.

AND ALL OF YOU GET THIS NEWSLETTER WHICH IS A BARGIN AT ANY PRICE!

Now that you know what the club can do for you let's find out what you can do for the club.

Let me just say that the club needs a hell of a lot of help with administration! I don't want to write a list of everything you can do for the club and ask you to pick something. This is where the meetings come in. I want you to come to the meetings—even if you find them boring—and find out what is involved in making this club work; and then say, "Hey! I can do this" or, "Hey! I can do that." The only way anybody is going to keep from being bored at these meetings—aside from not comming—is to get involved with the club!!!

It's a matter of being bored and saying, "What can the club do for me?" or, getting busy with the club and saying, "What can I do for the club?"

THANX---i'd like to thank Brad Lightbody, Brian Jones, Dell Williamson, John Wartenberg, John Montag, Jankes, Limkes and Greg Hanfbauer for their recent concern and INVOLVEMENT in getting the sponsorship off the ground...those of you that didn't help have these guys to thank also!!!

CLUB ROAD RACES

The QCW is going to try to start having some loosely run club road races on wednesday nights at 6:30, on the old New Haven road course. The races will be mass start (everyone starts together), 4 laps which is aproximately 24 miles total.

The course is at New Haven Ohio. To get to New Haven take Harrison ave. into miami town and turn right on 128. Gow down 128 until you hit a flashing yellow light and turn left there onto New Haven road, this takes you right into New haven. If you get to New Haven you will have no trouble finding the course...it starts rite by the only store in New Haven. If you're going to ~~to~~ ride out you might want to take East Miami River road off Harrison and into New Baltimore and head towards 128 add you will come to the same intersection.

If you are planning to ride in these races you must contact Brian Jones (871-7094) each week, so he will know if it is worth running the race that week. from CFEC.

CLUB TIME TRIALS

The club is again holding a 10 mile time trial series. These time trials are one of the many QCW functions the club puts on during the season to x try to generate interest in the club, and to give club members a chance to get together. Also the time x trial series is an excellent way for a rider to improve his speed...also gives me something to organize and write about.

A time trial is an event where the cyclist races against the clock—of course against everyone else also—the winner is the person with the fastest time. The course is a preset distance; and you must ride alone without drafting or following anyone, (i. e. no team tatics). Each rider is started a min. apart; and your goal is to improve your time.

The time trials will be held on tuesdays at 6:00 and the series will start May 4th and run until sometime in september. Anyone may ride these time trials, but after you ride two time trials you will have to join the club.

They will start at the William Henery Harrison State Memorial—in the Cleves and NOrth Bend area—and finish about a mile from the start in cleves. To get there take U.S. 50 (River Road) to the WHHSM exit, and turn left at the first stop sign you come to, (there should be a flashing red light), this should be brower road and the start is just on the other side of the overpass. There should be a small map somewhere in this issue. If you need more information give me a call...Jon Spicker (922-7354) and yet another fine idea form the committiee for flabby cyclists!

RACE RESULTS

PHIL KENNEDY finished with a very tough pack a Savana Beach.

PHIL KENNEDY took second place in the road event at Carbondale, in a very close sprint. BRIAN JONES managed to pull out a respectable 4th and KIRBY McMILLAN placed 10th in the second senior I & II race of his life. PHIL took 3rd place in the criterium event the next day and BRIAN finished 6th.

Encouragement (not much), is in order for DELL WILLIAMSON, PHIL KENNEDY, And BRIAN JONES, all of whom went down in a very wet kentucky derby of cycling!

MEETING

The Next QCW meeting will be held May 3rd at 8pm. The meeting will be held at the home of Phil Kennedy in North College Hill. Phil Lives at 1516 Hollywood ave. This is three blocks north of North Bend off Hamilton ave. The house is on the left side of the street less than a quarter mile from Hamilton ave. The house is on the corner of Hollywood and Baywood. If you get lost you can call Phil 542-0348.

THE ENEMY

Any ~~one~~ of you bikeis that have ever left you street on one of your dreadful training rides know what "the enemy" is, but I'll tell you anyway. Dogs!

Congratulations are in order for Mike Limke. While on a recent training ride he ran over one of those beasts...the bike went wump wump, the dog went yap, yap, and mike damm near fell off his bike going ha ha.

Speaking of dogs I hear Mark Limke has a couple named Sue and Beth Ann. Bob Atkins hasn't been on the bike since he met up with ~~w~~one name peggy...he spends most of his tme renting tuxeods and cleaning them because it sheds a lot when Bob pets it.

That reminds me of Brian Jones breaking his skeawer...mabey next issue.
