RIVERTOWN RALLY/Gran Prix of Cycling -1977

CHRIS SPICKER, JOHN ROLF, BARRY HUDEPOHL, JEFF LUKEN, MATT WIND, JEFF SCHUSTER, GREG COOR, DWIGHT ELLIOTT, JOHN PETER, BILL MANN, MILLARD SEGAL, MEGAN REARDON, DIANNE RAPPAPART, AND DIANE STEELE are all brand new 1978 members of the Queen City Wheelmen because of their high placings in the Rivertown Rally, yes that race we held last august. This announcement is quite late, and the promoters will shoulder the blame for this. The promoters will also shoulder the blame for not getting the novice ribbons for these people in the mail yet, but this will be done in the next couple days, or heads will roll!

Some people, particularly the riders, may not think that ribbons and club memberships are much of a prize list. Please remember that it has always been club policy that we do not offer large prize lists to novice riders in an effort to encourage riders to join the USCF, (the united states cycling federation is the body which governs all professional and amateur racing in the U.S.), where the riders will find many substantial prize lists.

HARD RIDING

Kent Frazier says he is going to burn up the roads this year and needs some serious riders to do it with. Kent will be coordinating club rides, which should be starting within the next few weeks. Any body interested in doing some serious riding should call Kent at 579-0518

If there is no phone number next to your name then you should send in a completed application, even if you are already a 1978 member.

* Indicates paid 1978 members.

A The club does not have your address, please advise.

R Your dues were paid by the club for your high placing in the Rivertown Rally, but please send in a completed application.

U USCF (united states cycling federation) riders. Any 1977 USCF rider that intends to ride USCF in 1978 and does not renew his QCW membership by April 1, will be charged double QCW membership. This does not apply to people who rode USCF in 1977 but do not intend to ride USCF in 1978!

ROLLER EXHIBITION

The roller exhibition at the Bob Harte sport show was well received by the public. The large competition clock that was rented from Kettering Bike Shop mad the entire display quite impressive. Campus Cyclery rented space next to the club and this made for onø huge display of bikes and bicycling.

The highlight of the eight day event was on the last day when Scott Sellers, from Kettering, got on his bike with a custom 80 tooth front chain ring. Scott pleased the crowd with speeds surpassing the national speed limit. It is unfortunate that more club members did not come down and try riding the rollers. The competition clocks are something few riders get to experience.

TIME TRIALS

Please find in this newsletter somewhere a whole bunch of time trial results from last summer. Some very respectable times were posted for the 10 miles, including that of Kent Frazier at 24:31, although not good enough to beat Bill Gallagher's course record of 23:11 Greg Hanfbauer and Rick Janke set the tandem record at 22:44!!!!!!

With the close fo the 1977 time trial series came the tetirement of our Chief Timer Mark Vincent. Mark is getting married soon and doesn't feel he'll have time next year to time. Any one interested in performing this thankless job on a regular basis this summer shoudd contact Jon Spicker. There is a free club membership in it for any body who sticks wth the timing job for the whole season.

CLUB MEETING - all members welcome

Tuesday, February 14

7:30 p.m.

Kreuck Community Center

Yes, Yes, there is another meeting right around the corner!! Anyone interested in what the club does this year, when it does it, and how it does it, is encouraged to attend this meeting, and all future meetings. The Cincinnati Criterium will be the main topic. There is also a real possibility that there will be a fantastic slide show from the 1977 Riverton Rally & the Blue Ash/Bicycle Chase of the Lions. Anyone that has any slides of bicycle racing is encouraged to bring them to the meeting, and we will try and show them also.

Last year the monthly meetings were moved to Clifton in an attempt to make it them more convenient to attend. Well we certainly have the ultimate in convenience at the Kreuck Community Center, so how about more people attending. The thing this club needs most is input from the riders!

The Kreuck Community Center is a red brick building right next to Hughes high school, and right down the street from Campus Cyclery on W. McMillian. Just go in the front door, which is on the right as you face the building, and tell the folks at the desk you are there for the Queen City Wheelmen meeting.

An added benefit of coming to meeting at the Kreuck Community Center is the club will then pay your membership in the Center, allowing you free use of their facilities which include: swimming pool, gym and weight room!

LAST MEETING

The last meeting produced some new, and some old, officers:

PRESIDENT	VICE PRESIDENT	SECRETARY	TREASURER
Dave Moore	Dave Gecks	Rick Janke	Greg Hanfbauer
241 W. McMillian	352 Shiloh Ave.	7215 Fowler Ave.	5070 Western Hills av.
381-5483 or 721-6628	861-6107	984-0414	244-7164 work352-3224 ₄

Remember Dave Moore works at Camp's Cyclery, 721-6628, and he or the folks at the shop can answer a lot of questions.

The last meeting also found a new-used newsletter editor in the form of Jon Spicker I beg anyone that has something of interest to the club to call or write me.
2145 Beechcroft Court, 45238.....922-7354 work721-3300

The last meeting also brought up the velodrome (bicycle track) issue. The idea of getting a velodrome built in Cincinnati is a nice one, but most people at the meeting felt it was something the club was not ready to undertake at this time. Will Rodger will continue to look into all possibilities.
